Don't Forget

THAT Pencillana is the most productive Hay or Fodder Plant in cultivation.

That our St. Louis Market Cabbage is equalled by none.

That we have the only Genuine White's Excelsior Tomato Seed in St. Louis.

That too much care cannot be exercised in the purchasing of Seeds.

That good Seeds are cheap at any price.

That a dollar saved is a dollar made.

That we would prefer telling you we have not what you want rather than substitute or give you something that will not grow.

That our customers in or out of St. Louis who desire to make purchases of any kind, and cannot do so conveniently are invited to communicate with us, and their business will be transacted in the most careful manner.

Very respectfully

DUSARD SEED CO.
